

Admission for September 2017

Appeals

Where parents are not satisfied with the school offered, arrangements exist for appeals to be heard by an Appeals Panel, which is independent of the admission authority for the school.

Parents can only appeal for schools for which they have expressed a preference.

Appeals in respect of voluntary controlled schools and those academies who have delegated responsibility for the administration of appeals, should be sent to Birmingham's School Admissions and Pupil Placements Service, telephone number 0121 303 1888.

Any appeal should be received by 29th March 2017 (20 school days following notification that application was unsuccessful).

Appeals received on time should be considered by 9th June 2017.
