

BISHOP VESEY'S GRAMMAR SCHOOL

Sex and Relationships Policy

Review prepared by:	Assistant Head i/c Student Welfare
Review date/by whom	Learning and Teaching Committee 23 April 2018
School's next annual review date/by whom:	Summer 2019 by Learning and Teaching Committee
Signed by Chair of Learning and Teaching Committee:	

SEX AND RELATIONSHIPS POLICY

1. This policy was developed in response to Sex and Relationship Education Guidance DfES 2000, the National Teenage Pregnancy Strategy and National Healthy Schools Programme.

This policy has been written with the United Nations Convention of the Rights of The Child in Mind. All of our policies bear in mind Articles 3 and 28- the child's best interests and the right of the child to an education. This policy also bears in mind Articles 13, 14, 34 and 35 - children have the right to seek information as long as it is within the law, children have a right to practise whatever religion and hold views they choose but must not prevent others accessing their rights, children have the right to be kept safe from abuse and exploitation.

2. The Consultation Process Has Involved:

- Consultation with Staff
- Consultation with School Captain and Chair of the School Council
- Consultation with School Nurse
- Consultation with School Governors

3. What Is Sex and Relationship Education?

SRE is lifelong learning about physical, sexual, moral and emotional development. It is about the understanding of the importance of stable and loving relationships, respect, love and care, for family life. It involves acquiring information, developing skills and forming positive beliefs, values and attitudes.

4. Principles and Values

In addition, Bishop Vesey's Grammar School believes that SRE should:

- Be an integral part of the lifelong learning process, beginning in early childhood and continue into adult life.
- Be an entitlement for all young people
- Encourage every student to contribute to our community and aims to support each individual as they grow and learn.
- Be set within this wider school context and supports family commitment and love, respect and affection, knowledge and openness. Family is a broad concept; not just one model, e.g. nuclear family. It includes a variety of types of family structure, and acceptance of different approaches.
- Encourage students and teachers to share and respect each other's views. We are aware of different approaches to sexual orientation, without promotion of any particular family structure. The important values are love, respect and care for each other.
- Generate an atmosphere where questions and discussion on sexual matters can take place without any stigma or embarrassment.

- Recognise that parents are the key people in teaching their children about sex, relationships and growing up. We aim to work in partnership with parents and students, consulting them about the content of programmes.
- Recognise that the wider community has much to offer and we aim to work in partnership with health professionals, social workers, peer educators and other mentors or advisers.

Sex and Relationship Education in this school has three main elements:

Attitudes and Values

- learning the importance of values, individual conscience and moral choices;
- learning the value of family life, stable and loving relationships, and marriage;
- exploring, considering and understanding moral dilemmas;
- developing critical thinking as part of decision-making
- challenging myths, misconceptions and false assumptions about normal behaviour.

Personal and Social Skills

- learning to manage emotions and relationships confidently and sensitively;
- developing self-respect and empathy for others;
- learning to make choices with an absence of prejudice;
- developing an appreciation of the consequences of choices made;
- managing conflict;
- empowering students with the skills to be able to avoid inappropriate pressures or advances (both as exploited or exploiter)

Knowledge and Understanding

- learning and understanding physical development at appropriate stages;
- understanding human sexuality, reproduction, sexual health, emotions and relationships;
- learning about contraception (including repercussions and prevention of STIs) and the range of local and national sexual health advice, contraception and support services;
- learning the reasons for delaying sexual activity, and the benefits to be gained from such delay;
- the avoidance of unplanned pregnancy.

5. Aims

The aim of SRE is to provide balanced factual information about human reproduction, together with consideration of the broader emotional, ethical, religious, and moral dimensions of sexual health. Our SRE programme aims to prepare students for an adult life in which they can:

- develop positive values and a moral framework that will guide their decisions, judgements and behaviour; have the confidence and self esteem to value themselves and others and respect for individual conscience and the skills to judge what kind of relationship they want.

- understand the consequences of their actions and behave responsibly within sexual and pastoral relationships.
- avoid being exploited or exploiting others or being pressured into unwanted or unprotected sex.
- communicate effectively by developing appropriate terminology for sex and relationship issues.
- develop awareness of their sexuality and understand human sexuality; challenge sexism and prejudice, and promote equality and diversity.
- understand the arguments for delaying sexual activity.
- understand the reasons for having protected sex.
- have sufficient information and skills to protect themselves and, where they have one, their partner from uninvited/unwanted conceptions and sexually transmitted infections including HIV.
- be aware of sources of help and acquire the skills and confidence to access confidential health advice, support and treatment if necessary □ know how the law applies to sexual relationships.

6. Organisation and Content of Sex and Relationship Education

Bishop Vesey's Grammar School specifically delivers Sex and Relationship Education through its PSHE and pastoral programme, RE and Science lessons at KS3, and KS4.

Much of the Sex and Relationship Education at Bishop Vesey's Grammar School takes place within PSHE, form periods, assemblies and Science lessons. Tutors generally deliver the PSHE Curriculum with support from professionals where appropriate. Form tutors work closely with their tutees over a number of years and we believe that they are usually the best people to work with the students on many of the SRE topics as they are aware of each student's individual circumstances. SRE lessons are set within the wider context of the PSHE curriculum and focus more on the emotional aspects of development and relationships, although the physical aspects of puberty and reproduction are also included. The Science National Curriculum is delivered by staff in the science department. These lessons are more concerned with the physical aspects of development and reproduction, although the importance of relationships is not forgotten.

The PSHE Programme and Science National Curriculum is taught in every year.

Year 7:

PSHE/Citizenship – Emotional Health and Well-Being module covers the stresses of relationships.

Science – covers puberty, pregnancy, contraception and sexual activity linked to puberty.

Year 8:

PSHE/Citizenship – Possible dangers of web based relationships.

Year 9:

PSHE/Citizenship –Sexual Health module including self- generated images, sexual pressure from media, morality and religion, peer pressure, Sex and the Law, contraception and STIs, HIV and AIDS.

Biology - menstrual cycle, ethics of fertility treatment and contraception.

Year 10

PSHE/Citizenship – Sexual Health module including ‘Being a man in a Relationship’, relationships in general, STIs, contraception, sexual responsibility, HIV and Pregnancy.

Year 11

PSHE/Citizenship- module on Sexual Health including healthy/unhealthy relationships, on line relationships and child sexual exploitation.

Sixth Form

Sexual Health is covered in the pastoral programme. In addition outside speakers are also brought in to cover issues such as STIs. Separate gender workshops take place on general awareness including learning correct self-examination techniques: male testicular and breast cancers, female breast and cervical cancers.

Any SRE lesson may consider questions or issues that some students will find sensitive. Before embarking on these lessons ground rules are established which prohibit inappropriate personal information being requested or disclosed by those taking part in the lesson. When students ask questions, we aim to answer them honestly, within the ground rules established at the start of the sessions. When it is felt that answering a specific question would involve information at a level inappropriate to the development of the rest of the students, the question may be dealt with individually at another time.

More expert or specialist teachers support tutors who are uncomfortable with teaching certain aspects of the curriculum. Support is offered with the year team or from the PSHE co-ordinator who will help with planning or delivery lessons if required. In addition specialist training can be offered to support staff.

Assessment is carried out at the end of every module and involves teacher, pupil and peer assessment of knowledge and understanding, interpersonal skills, and attitudes.

7. Inclusion

Ethnic, Cultural and Faith Groups

We intend our policy to be sensitive to the needs of different ethnic groups. For some young people it is not culturally appropriate for them to be taught particular items in mixed groups. We will respond to parental requests and concerns.

Sexual Identity and Sexual Orientation

We aim to deal sensitively and honestly with issues of sexual orientation, answer appropriate question and offer support. Young people, whatever their developing sexuality need to feel that sex and relationship education is relevant to them.

8. Right of Withdrawal of Students from Sex and Relationship Education

Some parents prefer to take the responsibility for aspects of this element of education. They have the right to withdraw their children from all or part of the sex and relationship education except for those parts included in the statutory National Curriculum (i.e. in Science lessons). We would make alternative arrangements in such cases. Parents are encouraged to discuss their decisions with staff at the earliest opportunity. Parents are welcome to review any SRE resources the school uses.

9. Confidentiality, Controversial and Sensitive Issues

Teachers cannot offer unconditional confidentiality. Teachers are not legally bound to inform parents or Head Teacher of any disclosure which is not a Child Protection issue and does not endanger the child or others unless the Head Teacher has specifically requested them to do so.

In a case where a teacher learns from an under 16 year old that they are having or contemplating sexual intercourse:

- the young person will be persuaded, wherever possible, to talk to parent/carer and if necessary to seek medical advice.
- child protection issues will be considered, and referred if necessary to the teacher responsible for Child Protection under the school's procedures.
- the young person will be properly counselled about contraception, including precise information about where young people can access contraception and advice services.

In any case where child protection procedures are followed, the teacher will ensure that the young person understands that if confidentiality has to be broken, they will be informed first.

Health professionals in school are bound by their codes of conduct in a one-to-one situation with an individual student, but in a classroom situation they must follow the school's confidentiality policy.

10. Monitoring and Evaluation of Sex and Relationship Education

It is the responsibility of the PSHE/Citizenship Co-ordinator to oversee and organise the monitoring and evaluation of PSHE, in the context of the overall school plans for monitoring the quality of teaching and learning.

The Governors Curriculum Staffing and Resources Committee is responsible for overseeing, reviewing and organising the revision of the Sex and Relationship Education Policy.

This policy will be reviewed annually.
