The brackets next to each topic contain the sections of the 2C textbook in which that topic can be found. This just gives you a broad overview of what is on the exam; you will need to look in the relevant textbook sections and your exercise book notes for more specific details.

Basic number work - divisibility tests, HCF and LCM, negative numbers, powers of 10, rounding and estimation, written methods of addition, subtraction, multiplication and division, BIDMAS, calculator skills (1a, 1b, 1c, 1f, all of chapter 7, 11a, 11b, 11c, 11e, 11f, 11g)

Indices (1e, 3a, 3b)

Fractions, decimals and percentages (All of chapter 4)

Simplifying in algebra - collecting like terms, expand single brackets, single bracket factorisation (3c, 3d, 3e, 3h)

Formulae - substitution and changing the subject (3f, 3g)

Algebraic fractions (3i)

Sequences (All of chapter 13)

Ratio and Proportion (All of chapter 15)

Statistics (All of chapter 8)
Probability (All of chapter 16)
3D shapes (All of chapter 14)
Linear graphs (6a, 6b, 6d, 6e)
Curved graphs (6c)
Real life graphs (6f, 6g)
Equations - including trial and improvement (All of chapter 10)
Circles (2e, 2f)
Angles in polygons (5c)

The following topics that were taught in year 7, but have not yet been covered in year 8 could also be tested:

Converting units

Area and Perimeter - rectangles, triangles, parallelograms and trapeziums

Basic angle rules - Angles and parallel lines, vertically opposite angles etc.

Biology:

- Food and digestion
- Respiration
- Microorganisms
- Ecology and sampling
- Physics:

Chemistry:

You will need to access www.kerboodle.com - AQA activate to revise from digital textbooks and other online resources to aid your revision.

The following topics will be examined:

BIG IDEA 5: MATTER

The Elements (Activate 2)

The Periodic Table (Activate 2)

BIG IDEA 6: REACTIONS

Acids and Alkalis (Activate 1) - covered in Year 7

Metals and Non-metals (Activate 1)

Types of Reaction (Activate 2)

Physics:

Format: 1hr paper - 60 marks (60 marks of short and long answer questions).

Topics covered:

- Light
- Sound
- Magnetism
- Pressure
- Moments

Equations that you need to recall:

$$\text{Moment} = \text{Force} \times \text{distance}$$

$$\text{Speed} = \frac{\text{distance}}{\text{time}}$$

$$\text{Pressure} = \frac{\text{Force}}{\text{Area}}$$

Resources to use:

- Kerboodle
- BBC bitesize – KS3 science
- Physics VLE
- CGP Revision guides
- Revision sheets
- Books

French:

Here is a list of topics you will need to revise for your listening, reading and writing exams in French. Your listening exam will be in lesson time after exam week, your reading and writing exams will be during exam week.

FOR YOUR WRITING EXAM YOU WILL BE EXPECTED TO SHOW THAT YOU CAN USE A RANGE OF VERBS, TENSES, ADJECTIVES, CONNECTIVES AND QUALIFIERS. WRITE IN PARAGRAPHS AND CHECK YOUR WORK CAREFULLY.

To help you prepare for your exams, you should use the work in your exercise book and your Expo 2 text book.

- *Use the contents pages to find a topic you need to revise.
- *Make a list of anything you do not understand.
- *Make use of the vocabulary lists at the end of each chapter.

Why not also refer to your previous assessments (looking at the targets you have been set), and make use of websites such as Linguascope and LanguagesOnline.

The page numbers next to each topic are suggestions of where to look to revise. Obviously you can find more examples in other sections of your text book, so make sure you look through it carefully.

German:

What do we need to revise ?
