Dear Parents/Carers,

School Lockers

We write to notify you of our continued limited availability of student lockers as a result of constraints on available space in communal and student circulation areas of the school.

The limited space available taking into health and safety considerations determines that the school is restricted with regard to the number of lockers that are available for offer to students.

A previous analysis of student locker use determined that individual lockers are not used by the majority of students; however a few students do find the lockers a useful resource.

As a result all our new Year 7 students that start at the school in September 2018 will each have a locker for the next academic year to support their transition from year 6. In addition to this Years 12 and 13 will also retain their use of lockers due to the current location of these lockers by the Sixth Form Common Room and Offices. Our existing Year 7 students will be asked to return their current locker keys in July 2018 before the start to the Summer Holidays.

A limited number of lockers will still be available for students on an annual rental basis from September 2018. These lockers will be available for a fee of £20 payable on an annual basis to contribute towards the costs associated with the provision of lockers in the school.

We will continue to review the provision of lockers throughout the school to ensure that adequate space within the school is maintained, specifically within general circulation areas.

We thank you for your understanding in this matter in support of developing and maintaining the environment for teaching and learning at Bishop Vesey's Grammar School.

Yours sincerely,

Graham Swindells
Finance Director and School Business Manager
