Dear Parent/Carer,

This week your son/daughter has been receiving results and feedback from their A-Level mock examinations. Next week students will receive a full written report which will detail mock performance, student commitment, teacher predictions (On Course for Grades) and most importantly subject specific advice and guidance from Academic Departments. It is essential that these mocks are used by students as part of the learning process which will prepare them effectively for the summer examinations.

I have included the timetable for 'A-Level Examinations Summer 2019'. It is important to note that these exams start on Monday May 20th. This is earlier than usual. The combination of this early start date and the breadth of content linked to a 2-year linear study, means that revision should already be underway. Attached to this e-mail is an 'Excel Revision Grid', which will enable students to make a detailed revision plan. We recommend that students use their subject specifications to make a plan that incorporates both the revision of content and the honing of applied skills, which can only be developed through rigorous past-paper/question practice.

On Friday February 8th, BVGS will be hosting its annual 'Academic Review Day', where students will be meeting with Form Tutors to review their mock progress/reflection, University offers and examination preparation. We would encourage parents to accompany students to this consultation. The Year 13 Team (Mr Goodwin, Dr Reilly & Mr Nowek) will be making appointments with specific students based on their mock performance. It is clear that some students will need support in terms of managing their independent study. This will mean the suspension of certain 'home-study' privileges and a more formalised plan for 'study periods'.

In the final weeks of their school career, we would encourage your son/daughter to fully engage with their academic staff, in order to address any academic concerns, that they might have and as a means of fine tuning their exam technique through one to one feedback. If you have any questions please don't hesitate to contact me at d.goodwin@bishopveseys.bham.sch.uk

Yours Sincerely,

D. T Goodwin.
