

Important Admissions Information for 2020

An excellent source of information about admissions is the website:

<https://birminghamgrammarschools.org/>. Please visit this site and familiarise yourself with this information carefully.

The qualifying score for admission in 2020 is **205**. This score is set by the Governing Body. In so doing the Governing Body considered the fact carefully that all seven other Birmingham grammar schools had set **205** as the qualifying score for admission. This is considered as being a reasonable score for a pupil to attain in an entrance test and then go on to thrive in a grammar school.

Please note that the qualifying score is most significant for applicants who are Looked After or Previously Looked after Children or Applicants who attract Pupil Premium funding.

Other applicants should note that the score needed to gain a place a Bishop Vesey's Grammar School is **significantly higher than that**. The website <https://www.birminghamgrammarschools.org/content/results-and-offers> provides helpful information on the historical context of the score required to gain a place at Bishop Vesey's Grammar School.

Dominic Robson, Headteacher, July 2019
