

## How you can help BVGS Support the NHS!

We have two strands of the BVGS PPE efforts: an U6's student-led effort to produce headbands and washbags and the DT Team's efforts to produce face clips and visors.

Both projects are in desperate need of material.

To enable our U6th student, Freya, and her family to continue to make PPE she would like:

- Poly-cotton or any cotton suitable of being washed at 60 degrees (duvet covers/pillow cases are great)
- Draw string
- Elastic that is 1 inch or 0.5 inch wide
- Buttons that are approx.. 1 inch wide
- Thread for sewing machine

Please contact Martha, Communications and Marketing Lead, on:

[m.davis@bishopveseys.bham.sch.uk](mailto:m.davis@bishopveseys.bham.sch.uk) if you can help, no donation is too small!

If you could support with either buying plastic, or donating plastic you may already have, please contact Mrs. Bowen on: [s.bowen@bishopveseys.bham.sch.uk](mailto:s.bowen@bishopveseys.bham.sch.uk).

The plastics we are looking for are:

- Polypropylene (of any colour) in either 0.75mm or 0.8mm thickness
- Clear PVC material
