

Citizenship and PHSE

To develop the character of our students so that they become well-rounded, knowledgeable, empathetic and understanding citizens, who become inspired to active support society and their local communities. PSHE also aims to develop the student's skills and attributes, allowing them to manage their lives effectively now and in the future. Our programme also helps pupils to stay healthy, safe and prepared for life and work in modern Britain.

Year 10 Curriculum Map

Sustainability Strand: Why is it important for citizens to learn about sustainability and the impact on the environment. Recycling and mobile phone use.

Relationships: Healthy and unhealthy relationships. Child sexual exploitation.

Aim of citizenship programme: To develop students to become more aware of how their behaviour impacts others. Developing students to become more self-aware.

Health Education: Importance of sleep, video games and the impact on health. Safe and unsafe exposure to the sun.

Year 10

Safety Strand: The law around illegal substances. Awareness of drug abuse and the impact.

Mental well-being: Explanations of mental health and the programmes to support individuals.

Sex Education: Sexting and controlling behaviours. How to deal with such situations. Issues surrounding consent.
